1. It is noted that Applicant has remarked regarding maintenance fees in U.S. Patent 5,788,178 in the Response of 13 August 2007 that, "A Communication has been forwarded to the attorney in charge of the Petition, Cliff Congo, requesting that the second maintenance fee be accepted as requested in the Request for Reconsideration of the original Petition." It is also noted that Applicant has sent a copy of a petition decision for the entry of the first maintenance fee (due at 3.5 years from issuance) for the above-named patent. However, there is still no evidence of record that there is a petition to pay the second maintenance fee (due at 7.5 years from issuance) for that patent or that such second maintenance fee has been paid for that patent. The records in the Revenue Accounting Management computer (RAM) at USPTO show that the first maintenance fee has been paid, but not the second maintenance fee. Since the second maintenance fee in U.S. Patent 5,788,178 remains unpaid, that patent remains expired. A reissue may not be granted on an expired patent. Therefore, the rejection of all pending claims under 35 USC 251 is hereby maintained and is set forth below.

2. Claims 1-16 and 30-32 are hereby rejected under 35 USC 251 in that a reissue may not be granted on an expired patent.

United States Patent 5,788,178 remains expired due to non-payment of the second maintenance fee (due at 7.5 years from issuance). The patent was issued on 04 August 1998, so the second maintenance fee was due on 06 February 2006, since 04 February 2006 was a Saturday. Now, more than two years after the due date for the second maintenance fee, that fee still has not

been paid. Under 35 USC 251 no reissue may be granted on an expired patent. Thus, no reissue may be granted on U.S. Patent 5,788,178 under 35 USC 251 in that it is expired. Please see MPEP 1415.01.

3. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
